### SURROUNDEL BY MYSTERY!

### A Great Mistake.

A recent discovery is that herdache, diziness, delluss, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force: that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the deringement of the nerve centers supplying these organs with nerve fluid or force. This is likewise

ters for the care of the discress arising there from they treat the part affected. Franklin Miles, M. D., Ll. B., the

specialist and student of nervous diseases, and author of many noted to a lises on the letter subject, long since realized the truth of the first statement, and his Restorative Nervine is prepared on that principle. Its success in curing all diseases arising from derangement of the nervous system is wonderful, as the thousands of unsolicited testimering the remedy amply prove.

Dr. Miles' Restorative Nervine is a reliable remedy for all nervous diseases, such as headache, nervous debility, prostration, sleeplessness, of ziness hysteria, sexual debility, St. Vinus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medicai Co., Elkhart, Ind., on receipt of price, Si per bottle, six bottles for Si, express prepaid.

Restorative Nervine positively contains no opiates or dangerous drugs.

### THE SILVER PLATFORM

The silver wing of the Republi can State Convention unanimously adopted the 'blowing platform:

The convention enderses and adopts the platform of the Repub-Loss State Convention, held at Vs city on the 30 of April last, as fol-

Resolved, That we condemn the Republican party of the Eastern states and the a ministration of President Harrison, insofar as they have failed to accomplish the complete remonetization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it ampied previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its maney functions and denied to the owner of silver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth. And we favor the continuation of agitation and contention for the free and unnmited cottage of silver at the present ratio of 16 to 1, for their own benefit and for the penetit of the people at large miners, farmers, laborers and me chanics.

The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembled, do set forth the following declaration of principles:

Fist. We demand the full remon tization of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1

Second. We are radically and unalterably opposed to the Natioal Republican and Democratic parties on the question of the iree coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining states and territories, and we therefore repuliate the nominees of their convention.

Third. We pladge the nominees of this convention for Presidential electors to support no wan for President or Vice-President of the United States who is not unequivocally in favor of free coinage as defined by this con. ntion. We reseave to the silver learnes of Nevada, in Convention as embled, \$1 the right of directing soid Presidential electors for whom to cast their votes, should contingencies GEO. S NIXON, \$1 require. Cha cm.in State Committee of Sil-

ver party. H. P. FLANKERY, Secretary.
